

## Editing the Video Clips (Removing Unwanted Footage)

1. Select a clip from the **Collections Pane** and drag it to the **Video Timeline**.
2. Play the clip. Use the space bar on the keyboard to start and stop the playback.
3. Position the **Playhead** between the end of the excess footage and the beginning of the desired footage.

4. Click **Clip** menu and select **Split**.

**Before split**

**After split**

5. Select the clip with the unwanted footage and click the **Delete** key.
6. Repeat steps 1 to 4 until all the excess footages are deleted.
7. Write down the name and nature of the clip.
8. Sequence the clips by clicking and dragging the clips along the Video Timeline.
